Don't Get Ahead of ME

I've been telling stories for years, and for years friends have been telling me to write them down. My response would always be, "Who would want to read what I write, my life is not that exciting..." Slowly I have discovered that it is my conversations with God and His daily interaction in my life that is exciting. My life is full of these conversations. Each conversation intiates a string of events indicating that Jesus is intimately interested in the details of my life. You can find the first of these stories @ **www.williamstell.com** *Click on* Our Ministry/News/Don't Get Ahead of Me!

Headlines In MADRID

The recent tragic event in Madrid is another reminder that we live in a dangerous world. We are also aware God's continual protection. Even though we were not directly effected, our neighbors and friends saw sights that will haunt them for a long time. Pray for Chris (12), Gracie (12), and Joyelle (4?).
